OFFICE OF THE PRESIDENT, MYSORE DASARA
INDUSTRIAL AND AGRICULTURAL EXHIBITION.

No. 1949. *Dated ~~Bangalore~~ Mysore the* 10th *of* May *1911.*

From

G. H. KRUMBIEGEL, ESQ., F.R.H.S.,
ECONOMIC BOTANIST AND
PRESIDENT, DASARA EXHIBITION.

To

C. S. Balasundaram Iyer, Esq., B. A.,
Offg: Secretary to the Government of
His Highness the Maharaja of Mysore,
Gen. & ~~Revenue Departments, Bangalore.~~

SIR,

I have the honor to forward herewith an estimate for Rs. 1307/- received from the Superintendent, Electric Power House, Mysore, being the probable cost of additions to and alterations in the Electric lights provided for the Exhibition Buildings for favour of sanction.

1. As it is, there are only seven Switches for all the Electric lights in the Exhibition Grounds and Buildings and consequently we have to keep the lights burning unnecessarily in places where we may not require them owing to their being on one switch

GPB—1,000—6-5-10.

From

THE PRESIDENT,
MYSORE DASARA INDUSTRIAL
AND AGRICULTURAL EXHIBITION.

To

The Secretary to the
Government of Mysore,
Gen. and Rev. Depts.,
Bangalore.

Dated 10th

Despatched 12th May 1911.

Received

General Exbn. No.

Enclosure No. 1.

Forwards for obtaining sanction of Government an estimate for Rs 1307/- being the probable cost of additions and alterations in the Electric lights provided for the Exhibition Buildings.

which apparently increased the actual consumption during the past two years. Hence the blocks were inspected in company with the Superintendent and separate switches have been provided for according to the needs of the occasion.

2. Additional lights have been provided ~~for~~ outside the -- Buildings in order to do away with the practice of bringing in Washington lights at a cost ranging between Rs. 150/- and Rs. 200/-. The experience gained last year by lighting six Washington lights at a cost of Rs. 143/- in the front, either side and in the rear of the - Exhibition Buildings shows that the arrangements proposed now are - less costly and better adapted for the occasion in point of uniformity, safety, efficiency &c.

3. As the bulbs have been suspended on cords, they are being shaken by the wind and consequently the metallic filaments therein - are easily broken. Hence the new bulbs at a cost ranging between Rs. 100/- and 150/will have to be purchased annually. The Superintendent suggests the advisability of their being fitted up firmly and has therefore provided for the same in the enclosed estimate.

If the estimate be sanctioned a recurring expenditure - ranging between Rs. 250/and 350/- will not only be saved, but also there will be considerable decrease in the actual power consumption. As the work has to be taken up immediately, I request that you will kindly obtain sanction of Government for the estimated sum and communicate

(3)

communicate it to me.

I have the honor to be,

Sir,

Your most obedient servant,

Woodrow Wilson
